(Camp Activities) Throughout the camp, excursions are organized to cities such as Bursa, Istanbul, Çanakkale, Eskişehir, and Bandırma. Participants have the opportunity to explore both urban centers and surrounding regions, discovering Turkey's historical and natural landmarks.

In coastal areas, students enjoy swimming and boat tours, spending time immersed in nature while engaging in guided visits that highlight our country's cultural heritage. During the camp, trips are arranged within the city and to nearby provinces; historical and natural sites are introduced, and our cultural legacy is shared. Students take part in nature walks, support social responsibility projects, and benefit from workshops and seminars that contribute to their personal development.

The program is enriched with diverse activities such as culinary events showcasing Turkish cuisine, sessions focused on leadership and volunteerism, and art and handicraft workshops. Each day is shaped around a different theme, allowing participants to both learn and enjoy themselves.

At the end of the camp, a farewell night and certificate ceremony are held with the participation of Lions members, Leos, and Lions friends—celebrating this meaningful experience. As Lions, we take great pride in continuously developing this program each year and in promoting universal values while building lasting bridges between cultures through youth engagement.
